

## Press release

Stockholm, April 4, 2019

# Mårten Skogö leaves Tobii's Group Management and is proposed as new member of the Board of Directors

**Tobii's co-founder Mårten Skogö leaves his position at Tobii for an employment with Industrifonden. He thereby also leaves his position in the Group Management of Tobii. Mårten is concurrently proposed as new member of Tobii's Board of Directors.**

Mårten Skogö was one of the founding partners of Tobii together with Henrik Eskilsson and John Elvesjö in 2001. Since then, Mårten has had several roles in the Company, for instance as manager within the Development organization and Chief Science Officer.

– Mårten has been a key player during Tobii's early phase and growth journey and his contributions to the Company cannot be overstated. I am therefore very pleased with Mårten being proposed as new member of the Board of Directors as it enables the Company to continue to benefit from his expertise and his experience from nearly twenty years at Tobii, said Tobii's CEO Henrik Eskilsson.

Tobii has decided not to replace Mårten Skogö in the Group Management. Research and Development is already today instead managed in three strong organizations within each of Tobii's three Business Units. The organizational change is in effect as of April 2019.

## About Tobii

Tobii is the global leader in eye tracking. Our vision is a world where all technology works in harmony with natural human behavior. Tobii operates through three business units: Tobii Dynavox makes specially designed computers that are controlled by eye movement or touch screens for use by people with special needs due to spinal cord injuries, CP, ALS or other medical conditions. Tobii Pro develops and sells eye-tracking equipment and services used today by more than 3,500 companies and 2,500 research institutions, including all of the world's 50 highest ranked universities. Tobii Tech further develops Tobii's technology for new volume markets, such as computer games, personal computers, virtual reality, augmented reality and smartphones. Tobii is headquartered in Sweden and is listed on Nasdaq Stockholm (TOBII). The group has about 1,000 employees. For more information: [www.tobii.com](http://www.tobii.com).
